12/30/68

McLarry, Russell W.

Because TIME 12/30/68 said he was arrested by the Secret Service for a threat against LBJ and because from the story he seems one who could have been connected with known threats against the President in Dallas, I asked Gary Schoener to have the Archives check the files for me.

Today, when I asked him about it, Marion Johnson said there is no record on McLarry.
